June 1, 1947.

Chief Engineer,
Palestine and Trans-Jordan.

Subject:- Nathanys - Tulkarm Road
 Km. 102 - 107.

The District Engineer, Haifa District, reports that excessive damage is now being caused by Military trucks and small tanks to the above road, due to the high speed at which these vehicles are driven and the abrupt changes of direction made by their drivers along this road. The worst damage at present occurs between the Khirbet Beit Lid Roundabout and Petrol Point No. 71 at Km. 105.

2. I should be glad if you could kindly assist me by requesting the Military Authorities concerned to ensure that all possible measures are taken to induce Military drivers to refrain from such rough usage of main roads. In this case the above driving faults are particularly detrimental to the wearing surface because the road surface has only recently been asphalted.

Actg. DIRECTOR OF PUBLIC WORKS

19th May, 1947

Ag. DIRECTOR OF PUBLIC WORKS

Subject : Nathanya Tulkerm Road
km 102-107

Work on sealing the above road is now in progress and difficulties are encountered with Military trucks and small tanks travelling from Beit Lid roundabout to Petrol Point No. 71 at km 105 off the above road in order to get fuel. By speeding and making sharp turns on the road the tanks and trucks cause damage to the work done necessitating constant repair. Though, I cannot submit a claim, since the damage is below £1000.--, I shall be obliged, if you take up this matter with the W.D. in order to prevent the damage.

7th April, 1947.

District Engineer,
Haifa District.

Subject : Supply and delivery of materials to
site Nathanya-Tulkarm Road Km.102-107.

Reference: Your 22/13 of 27.3.1947.

The tender of Mr. Dahoud Abu Sharifeh of Tulkarm for the above service in the amount of LP.1,967.400 mila was accepted by the Headquarters Tenders Board on 1.4.47. His unit rates are :

- (a) Top metal $3\frac{1}{2}$ cm. gauge 420 m3 at LP.1.920 = LP 806.400 *
- (b) Chippings $2\frac{1}{2}$ cm. gauge 600 m3 at LP.1.965 = LP 1,161.000.

There is an arithmetical error in the total of (b) as tendered by Abu Sharifeh. You should point out this mistake to Abu Sharifeh and explain to him that his tender was accepted in the amount of LP.1,967.400 mila, which sum shall stand. In this connection please see my 28/6 of 9.10.44.

2. Contract documents forwarded with your letter under reference together with one copy of form O.W.80 duly completed are returned herewith.

3. Please proceed with the signature of contract documents in accordance with P.W.D. Circular No.88 and put the work in hand.

7th April, 1947.

District Engineer,
Haifa District.

Subject: Tenders for supply and delivery of
Road Materials.

Reference: Your 22/13 of 27.3.47.

You have been notified separately of the results of the adjudication of these tenders and in this letter, I wish to bring to your notice, the following observation on the contract documents.

Contract form No.1.

(a) Clause 23 : The words 'not less than' should be added after 'Payments shall be made'.

(b) Clause 47 : should be amended in accordance with my 7/16/1 of 20th November, 1941.

2. Please inform me for what work you intend to use the "3½ cms. gauge top metal?" Usually 5 cms. gauge metal is used for resurfacing or semi grout work.

3. No copy of the specification for the supply of materials was included with the tender documents. Please ensure that the successful tenderer is fully acquainted with the Specification for the Supply of Materials' accompanying my 31 of 3.10.41 and ensure that when he signs the contract documents, he signs also the Specification, which naturally forms part of the contract documents.

- I have made a thorough inspection of this bridge and have to advise you as follows :-
- Only one half of the bridge is damaged.
 - The correct location of this bridge is doubtful as it does not appear to function. It was silted up and I had to clear the spans to inspect.
 - There is now a very good side track (made by the Military). therefore there is no real need to hurry repairs.
 - There is every likelihood that by completely removing the damaged part (half of the bridge) and making it good as a road is all that will be needed.
 - The estimate of LP. 800.- for this service is to say the least on the high side.

Actg. Director of Public Works

Subject :- Sabotage. Tulkarm - Natanya Road.

I have been informed by the Police at 10.30 p.m. on 13th instant, that a culvert had been blown up on the Beit-Lidd - Natanya Road. I proceeded to the site on the morning of 14th instant and have to report as follows:-

2. The four-span culvert at km 110 Tulkarem - Natanya road was partly blown up. Two spans were very seriously damaged, and repairs will entail their complete demolition and reconstruction. A party of colonial pioneer troops were engaged in preparing a bypass, and the officer in charge informed me that he would complete this to enable traffic to bypass the culvert.

3. A preliminary estimate of cost of repair of the culvert, which is a 4 x 3 m span R.C. box culvert is LP. 800.-

Action Taken
to 215

Subject : Notes of inspection by D.P.W. -
10-12-2.42.

A) Tulkarm-Khirbet Beit Lid Road.

1. Attention is drawn to improvements to ditches in hand 100 metres east of Khirbet Beit Lid Roundabout and to the collection of soling stone. What repairs are proposed in this section and what is the soling stone to be used.

B) Hadera.

2. In Hadera excavations are being made on both sides of the main road within the berms. Please take necessary action and report what the excavation are for.

3. It was noted that at Hadera Station four Arab labourers were working on the berms and were being supervised by two Jews. Kindly report what these men were doing and why it was necessary ~~xxx~~ to have 2 Jews supervising 4 Arabs.

C) New Piggery Acre Stock Farm.

4. You informed the Director that the cost of constructing this piggery is less than the cost of erecting timber huts at Athlit. Please send me immediately a comparative schedule showing the cost of erecting a hut at Athlit and a piggery at Acre. All assistant given you by the Manager of the Stock Farm should be detailed in your estimates.

D) Ahava-Kafr Ata Road.

5. The D.P.W. noted that at the Kafr Ata end the road

p.t.o.

is unravelling badly in parts and is at present under repairs. The material appears to be deficient in bitumen some of the stones having a very thin film only and insufficient to form a binding matrix. Please report what control was exercised over the consumption of bitumen and who was the officer directly responsible for the work. Specifications for the carrying out of the work should be given.

6. On the Nazareth-Shafa Amr Road D.P.W. met a maintenance man on his way to work late in the morning. His number plate was not visible but the man was about 30 years of age with a small dark moustache. Please investigate why he was late for work and if he has no satisfactory reason you should warn him in writing. Next time the offence is committed he should be fined LP.1 and on a subsequent offence he should be reduced in gradē.

CARD INDEXED UNDER

An Agreement made this Seventeenth day of JULY, 1941.
 between District Engineer P.W.D. Haifa District and on behalf of the
 Government of Palestine (hereinafter called the P.W.D.), and Mr. Dahoud Abu
shreife of Tulkarm (hereinafter called the Contractor) for the
supply & transport of chippings to Tulkarm - Nathanya Road
sealing coat & patching.
 whereby it is agreed as follows:—

1. In consideration of the sum of £P. 339.600 (Three hundred
thirty nine Palestine pounds & six hundred mils only) and in
 accordance with tender dated 22nd day of June, 1941 the Contractor undertakes
 to carry out the work to the entire satisfaction of the P.W.D. in accordance with the Drawings
 and/or Specification, Abstract of Quantities, or other documents or approved samples deposited
 and on which the tender was based and as set out in the schedule hereto and which forms
 part of this agreement.

2. Variations by omissions or additions shall not vitiate the agreement, and the value
 thereof shall be calculated at prices specified therein or otherwise by mutual agreement. All
 variation orders involving items of work and/or time shall be in writing. supply may be
deviated to an extent which shall be vary the amount of the estimate by
not more than 40% addition or deduction.

3. The Contractor undertakes to commence the carrying out of the above said work on
 the 18th day of July, 1941 and to complete the above said work not later
 than the 17th day of October, 1941.

4. The Contractor undertakes to pay by way of liquidated damages the sum of
 £P. 2.000 (Two Palestine pounds) for each
 day of delay in completion of the work beyond the time prescribed in the previous clause
or non complying to any item of the
enclosed specifications

5. In the event of default or delay by the Contractor the P.W.D. have the right to take
 over the work in whole or in part as may be specified by the P.W.D. in writing and complete
 same by any means they consider suitable, and the total cost of due completion shall be
 deducted from any sums due to or which may become due to the Contractor under this or
 any other agreement or shall otherwise be recovered from him. plus 15% extra
charges
or from his deposit
of £P. 35.000 (thirty five Palestine pounds only).

6. Payments shall be made on measurements agreed and signed by both parties or by
 the certificate of P.W.D. in sums to be determined by P.W.D. 10% of all payments on
 account shall be retained until final certificate of due completion is issued when the balance
 of any deposit or retention money shall be returned or bank guarantee discharged.

7. The Contractor shall insure himself against any claims that may be made by his
 Employees under the Workmen's Compensation Ordinance, and produce receipts for payment
 of premiums for inspection by P.W.D. The Contractor shall duly extend any insurance to
 cover any extension of time which may be granted under this agreement.

8. No subject of other countries, other than those who have complied with the Immigration
 Regulations in all cases where they are applicable, shall be employed on the work, unless the
 Contractor has been duly authorised by the P.W.D.

9. In the event of a dispute arising between the actual signatories of this Agreement, the decision of the Director of Public Works shall be final.

STANDARD SPECIAL CLAUSES (ROAD WORK)

(a) Water for Roller

The Contractor shall supply water for filling rollers at his own expense

(b) Stacking of Materials.

All road construction materials shall be collected and stacked outside the roadside drains unless the Contractor shall have previously received written orders from the District Engineer permitting him to collect and stack the materials elsewhere and the Contractor shall forthwith remove at his own expense any materials deposited on the road and road berms without such permission.

(c) Barricades

In order to safeguard the public from danger the Contractor shall provide at his own expense in suitable positions at each end of any portions of road closed to traffic by the Contractor's operations substantial barricades not less than one metre high and of such length as may be necessary. These barricades shall be watched by the Contractor at all times and adequately lit by him at night with red lights at his own expense and he shall indemnify the Government of Palestine against any claims for damage to property or injury to persons, animals or things resulting from his neglect to comply with this Clause throughout the progress of the work.

(d) Side Tracks.

The Contractor shall open up at his own expense and keep in order to the satisfaction of the District Engineer a deviation track suitable for all classes of traffic in dry weather whenever his operations shall close the whole of the existing road. His operations shall be confined to half the width of the road when a deviation track cannot be provided.

(e) Consolidation

Water for consolidation shall be provided by the Contractor at his own expense in such quantities as may be directed by the District Engineer.

NOTE.

Clause (e) is to be omitted when consolidation dry is specified in the estimate.

2005

INSURANCE OF WORKMEN

The Contractor shall insure against claims by his employees which may be enforceable against the Government of Palestine under the Workmen's Compensation Ordinance 1927 in an amount and office approved by the Director of Public Works and shall on demand produce to the Director of Public Works the receipt for the last premium payable under such insurance and on default by the Contractor the Director of Public Works may take out such insurance as aforesaid and charge the cost thereof to the Contractor and recover the amount of such charge from the deposit paid under this or any other contract or agreement from any sums due to the Contractor under this or any other contract or agreement.

In respect of claims under this clause the Director of Public Works may agree with the Contractor upon the amount of compensation to be paid by the contractor may require the amount that ought to be paid to be settled by arbitration under the Workmen's Compensation Ord. 1927.

Any amount paid by Public Works Department as compensation under this clause shall be satisfied by the Contractor and may be recovered, without prejudice, to any other means of recovery from the deposit paid under this or any other contract or agreement from any sums due to the Contractor under this or any other agreement or contract.

USE OF RAILWAY TRANSPORT

The contractor shall use railway transport wherever practicable for the carriage of all materials to be delivered on the site whether for incorporation in the work or otherwise required for use in connection with this contract or agreement.

Where railway transport is practicable transport by other means shall not be effected without the prior written sanction of the Director of Public Works or his representative.

Failure to comply with this clause shall give right to the Director of Public Works to deduct from any payments due to the contractor under this or any other contract or agreement a sum not exceeding the railway charges which would have been paid by the contractor had he transported the material by rail.

The decision of the Director of Public Works as to the practicability in using rail transport shall in all cases be final and binding.

NOTARIAL NOTICE

Notwithstanding anything in the Ottoman Code of Civil Procedure it shall not be necessary for the Director of Public Works or the District Engineer to serve any notarial notice on the contractor with regard to failure to comply with any clause in the contract or agreement but it shall be sufficient for him to give a written notice of any claim to damages for delay or of revocation of the contract or agreement.

DISPUTE

Any matters in dispute between the parties to the contract or agreement arising out of the contract or agreement shall be submitted to the arbitration of the Director of Public Works sitting alone as Arbitrator and the decision of the Director of Public Works in his capacity as sole Arbitrator shall be final and binding on both parties to this contract or agreement.

EXTRACT FROM
NOTES OF INSPECTION BY A.D. (2)
on 24.7.1941.

E. TULKARM - NATHANYA ROAD.

15. Dehaf is sealing the carpet laid last year with Shelmac and Adassieh without rolling the latter. The work looks good but I was not aware of this method of doing it nor had I authorised the use of Adassieh chippings without rolling. Perhaps Dehaf has discussed with you? The section is Km.112 - 105.

16. From Km.96.5 - 99 the carpet laid two years ago shows sinking of foundations and is in part disintegrating, for the same old reason penetration of soil into the body of the road. It seems therefore that a carpet coat 9 cms. thick on the average in the loose, is not effective when laid on a surface where soil has penetrated the foundations.

An Agreement made this 26th day of August, 19 40.
between District Engineer P.W.D. Haifa. for and on behalf of the ~~Government~~
Government of Palestine (hereinafter called the P.W.D.), and Mr. Dahoud Abu Shreife
of Tul-Karm (hereinafter called the Contractor) for the
Supply and transport of stones to Nathanya-Tulkarm Road Km. 106.250 -
Km. 106.450
whereby it is agreed as follows:—

1. In consideration of the sum of £P. 165.955 (One hundred sixty five Palestine Pounds & nine hundred fifty five mls) and in accordance with tender dated 26th day of July, 1940 the Contractor undertakes to carry out the work to the entire satisfaction of the P.W.D. in accordance with the Drawings and/or Specification, Abstract of Quantities, or other documents or approved samples deposited and on which the tender was based and as set out in the schedule hereto and which forms part of this agreement.
2. Variations by omissions or additions shall not vitiate the agreement, and the value thereof shall be calculated at prices specified therein or otherwise by mutual agreement. All variation orders involving items of work and/or time shall be in writing. ~~The amount of supply may be deviated to an extent which shall not vary the amount of the estimate by not more than 40% of addition or deduction.~~
3. The Contractor undertakes to commence the carrying out of the above said work on the 2nd day of August, 19 40 and to complete the above said work not later than the 26th day of September, 19 40. 80% of the materials to be supplied during the first 45 days and the 20% of the balance to be supplied during the other 15 days.
4. The Contractor undertakes to pay by way of liquidated damages the sum of £P. 2.- (Two Palestine Pounds only) for each day of delay in completion of the work beyond the time prescribed in the previous clause.
5. In the event of default or delay by the Contractor the P.W.D. have the right to take over the work in whole or in part as may be specified by the P.W.D. in writing and complete same by any means they consider suitable, and the total cost of due completion shall be plus 15% Dept. charges ~~deducted from any sums due to or which may become due to the Contractor under this or any other agreement or shall otherwise be recovered from him, or from his deposit of LP.17.-(seventeen Palestine Pounds only).~~
~~or non complying to any item of the enclosed specifications~~
6. Payments shall be made on measurements agreed and signed by both parties or by the certificate of P.W.D. in sums to be determined by P.W.D. ~~xxxxxx~~ Deposit ~~xxxxxx~~ shall be retained until final certificate of due completion is issued when the balance of any deposit or retention money shall be returned or bank guarantee discharged.
7. The Contractor shall insure himself against any claims that may be made by his Employees under the Workmen's Compensation Ordinance, and produce receipts for payment of premiums for inspection by P.W.D. The Contractor shall duly extend any insurance to cover any extension of time which may be granted under this agreement.
8. No subject of other countries, other than those who have complied with the Immigration Regulations in all cases where they are applicable, shall be employed on the work, unless the Contractor has been duly authorised by the P.W.D.

9. In the event of a dispute arising between the actual signatories of this Agreement, the decision of the Director of Public Works shall be final.

INSURANCE OF WORKMEN

The Contractor shall insure against claims by his employees which may be enforceable against the Government of Palestine under the Workmen's Compensation Ordinance 1927, in an amount and office approved by the Director of Public Works and shall on demand produce to the Director of Public Works the receipt of the last premium payable under such insurance and on default by the Contractor the Director of Public Works may take out such insurance as aforesaid and charge the cost thereof to the Contractor and recover the amount of such charge from the deposit paid under this or any other contract or agreement from any sums due to the Contractor under this or any other contract or agreement.

In respect of claims under this clause the Director of Public Works may agree with the Contractor upon the amount of compensation to be paid but the contractor may require the amount that ought to be paid to be settled by arbitration under the Workmen's Compensation Ordinance 1927.

Any amount paid by Public Works Department as compensation under this clause shall be satisfied by the Contractor and may be recovered, without prejudice to any other means of recovery, from the deposit paid under this or any other contract or agreement from any sum due to the Contractor under this or any other contract or agreement.

USE OF RAILWAY TRANSPORT.

The contractor shall use railway transport wherever practicable for the carriage of all materials to be delivered on the site whether for incorporation in the work or otherwise required for use in connection with this contract or agreement.

Where railway transport is practicable transport by other means shall not be effected without the prior written sanction of the Director of Public Works or his representative.

Failure to comply with this clause shall give right to the Director of Public Works to deduct from any payments due to the Contractor under this or any other contract or agreement a sum not exceeding the railway charges which would have been paid by the contractor had he transported the material by rail.

The decision of the Director of Public Works as to the practicability in using rail transport shall in all cases be final and binding.

NOTARIAL NOTICES

Notwithstanding anything in the Ottoman Code of Civil Procedure it shall not be necessary for the Director to serve any notarial notice on the contractor with regard to failure to comply with any clause in the contract or agreement but it shall be sufficient for him to give a written notice of any claim to damages for delay or for revocation of the contract or agreement.

DISPUTE

Any matters in dispute between the parties to this contract or agreement arising out of the contract or agreement shall be submitted to the arbitration of the Director of Public Works sitting alone as Arbitrator and the decision of the Director of Public Works in his capacity as sole Arbitrator shall be final and binding on both parties to this contract or agreement.

RECEIVED UNDER

An Agreement made this 26th day of August, 1940.
between District Engineer P.W.D. Haifa for and on behalf of the
Government of Palestine (hereinafter called the P.W.D.), and Messrs. Keren Zvi
Labour Exchange of Nathanya (hereinafter called the Contractor) for the Road formation of Nathanya - Tulkarm Road Nos. 106.250-106.450
whereby it is agreed as follows:—

1. In consideration of the sum of £P. 150.000 (One hundred fifty Palestine Pounds only) and in accordance with tender dated 26th day of July, 1940 the Contractor undertakes to carry out the work to the entire satisfaction of the P.W.D. in accordance with the Drawings and/or Specification, Abstract of Quantities, or other documents or approved samples deposited and on which the tender was based and as set out in the schedule hereto and which forms part of this agreement.

2. Variations by omissions or additions shall not vitiate the agreement, and the value thereof shall be calculated at prices specified therein or otherwise by mutual agreement. All variation orders involving items of work and/or time shall be in writing.

3. The Contractor undertakes to commence the carrying out of the above said work on the 27th day of August 1940 and to complete the above said work not later than the 26th day of September 1940.

4. The Contractor undertakes to pay by way of liquidated damages the sum of £P. 2.000 (Two Palestine Pounds only) for each day of delay in completion of the work beyond the time prescribed in the previous clause.

5. In the event of default or delay by the Contractor the P.W.D. have the right to take over the work in whole or in part as may be specified by the P.W.D. in writing and complete same by any means they consider suitable, and the total cost of due completion plus 15% Dept. charges shall be deducted from any sums due to or which may become due to the Contractor under this or any other agreement or shall otherwise be recovered from him, or from his deposit of LP. 15.- (Fifteen Palestine Pounds only).

6. Payments shall be made on measurements agreed and signed by both parties or by the certificate of P.W.D. in sums to be determined by P.W.D. ~~For each day of delay~~ Deposit ~~XXXXXX~~ shall be retained until final certificate of due completion is issued when the balance of any deposit or retention money shall be returned or bank guarantee discharged.

7. The Contractor shall insure himself against any claims that may be made by his Employees under the Workmen's Compensation Ordinance, and produce receipts for payment of premiums for inspection by P.W.D. The Contractor shall duly extend any insurance to cover any extension of time which may be granted under this agreement.

8. No subject of other countries, other than those who have complied with the Immigration Regulations in all cases where they are applicable, shall be employed on the work, unless the Contractor has been duly authorised by the P.W.D.

INSURANCE OF WORKMEN

The Contractor shall insure against claims by his employees which may be enforceable against the Government of Palestine under the Workmen's Compensation Ordinance 1927, in an amount and office approved by the Director of Public Works and shall on demand produce to the Director of Public Works the receipt of the last premium payable under such insurance and on default by the Contractor the Director of Public Works may take out such insurance as aforesaid and charge the cost thereof to the Contractor and recover the amount of such charge from the deposit paid under this or any other contract or agreement from any sums due to the Contractor under this or any other contract or agreement.

In respect of claims under this clause the Director of Public Works may agree with the Contractor upon the amount of compensation to be paid but the contractor may require the amount that ought to be paid to be settled by arbitration under the Workmen's Compensation Ordinance 1927.

Any amount paid by Public Works Department as compensation under this clause shall be satisfied by the Contractor and may be recovered, without prejudice to any other means of recovery, from the deposit paid under this or any other contract or agreement from any sum due to the Contractor under this or any other contract or agreement.

USE OF RAILWAY TRANSPORT.

The contractor shall use railway transport wherever practicable for the carriage of all materials to be delivered on the site whether for incorporation in the work or otherwise required for use in connection with this contract or agreement.

Where railway transport is practicable transport by other means shall not be effected without the prior written sanction of the Director of Public Works or his representative.

Failure to comply with this clause shall give right to the Director of Public Works to deduct from any payments due to the Contractor under this or any other contract or agreement a sum not exceeding the railway charges which would have been paid by the contractor had he transported the material by rail.

The decision of the Director of Public Works as to the practicability in using rail transport shall in all cases be final and binding.

NOTARIAL NOTICES

Notwithstanding anything in the Ottoman Code of Civil Procedure it shall not be necessary for the Director to serve any notarial notice on the contractor with regard to failure to comply with any clause in the contract or agreement but it shall be sufficient for him to give a written notice of any claim to damages for delay or for revocation of the contract or agreement.

DISPUTE

Any matters in dispute between the parties to this contract or agreement arising out of the contract or agreement shall be submitted to the arbitration of the Director of Public Works sitting alone as Arbitrator and the decision of the Director of Public Works in his capacity as sole Arbitrator shall be final and binding on both parties to this contract or agreement.

CENTRAL REGISTRY

File No. 9/97

4 - JUL 1940

P.W.D. H. Qrs. Jerusalem

P. T. O.

HAC/39

An Agreement made this 28th day of June 1940.
 between District Engineer P.W.D. Haifa District and on behalf of the
 Government of Palestine (hereinafter called the P.W.D.), and Mr. Dahoud Abu Shreife
 of Tulkarm (hereinafter called the Contractor)
 for the supply and transport of stones to Tulkarm-Nathanya road
 whereby it is agreed as follows:— Km. Km. 102.750-106.500

1. In consideration of the sum of LP. 261.660 (Two hundred sixty one Palestine Pounds & six hundred sixty mils) and in accordance with tender dated 7th day of June, 1940 the Contractor undertakes to carry out the work to the entire satisfaction of the P.W.D. in accordance with the Drawings and/or Specification, Abstract or Quantities, or other documents or approved samples deposited and on which the tender was based and as set out in the schedule hereto and which forms part of this agreement.

2. Variations by omissions or additions shall not vitiate the agreement, and the value thereof shall be calculated at prices specified therein or otherwise by mutual agreement. All variation orders involving items of work and/or time shall be in writing. The amount of supply may be deviated to an extent which shall not vary the amount of the estimate by not more than 40% of addition or deduction.

3. The Contractor undertakes to commence the carrying out of the above said work on the day of 1940 and to complete the above said work not later than the day of 1940. 80% of the materials to be supplied during the first 30 days & the 20% of the balance & be supplied during the other 30 days.

4. The Contractor undertakes to pay by way of liquidated damages the sum of £P. 2.- (Two Palestine Pounds) for each day of delay in completion of the work beyond the time prescribed in the previous clause. or non complying to any item of the enclosed specifications.

5. In the event of default or delay by the Contractor the P.W.D. have the right to take over the work in whole or in part as may be specified by the P.W.D. in writing and complete same by any means they consider suitable, and the total cost of due completion shall be deducted from any sums due to or which may become due to the Contractor under this or any other agreement or shall otherwise be recovered from him, plus 15% departmental charges or from his deposit of LP. 27.- (Twenty seven palestine Pounds only).

6. Payments shall be made on measurements agreed and signed by both parties or by the certificate of P.W.D. in sums to be determined by P.W.D. XXXXXX Deposit XXXXXX shall be retained until final certificate of due completion is issued when the balance of any deposit or retention money shall be returned or bank guarantee discharged.

7. The Contractor shall insure himself against any claims that may be made by his Employees under the Workmen's Compensation Ordinance, and produce receipts for payment of premiums for inspection by P.W.D. The contractor shall duly extend any insurance to cover any extension of time which may be granted under this agreement.

8. No subject of other countries, other than those who have complied with the Immigration Regulations in all cases where they are applicable, shall be employed on the work, unless the Contractor has been duly authorised by the P.W.D.

9. In the event of a dispute arising between the actual signatories of this Agreement, the decision of the Director of Public Works shall be final.

INSURANCE OF WORKMEN

The Contractor shall insure against claims by his employees which may be enforceable against the Government of Palestine under the Workmen's Compensation Ordinance 1927, in an amount and office approved by the Director of Public Works and shall on demand produce to the Director of Public Works the receipt of the last premium payable under such insurance and on default by the Contractor the Director of Public Works may take out such insurance as aforesaid and charge the cost thereof to the Contractor and recover the amount of such charge from the deposit paid under this or any other contract or agreement from any sums due to the Contractor under this or any other contract or agreement.

In respect of claims under this clause the Director of Public Works may agree with the Contractor upon the amount of compensation to be paid but the contractor may require the amount that ought to be paid to be settled by arbitration under the Workmen's Compensation Ordinance 1927.

Any amount paid by Public Works Department as compensation under this clause shall be satisfied by the Contractor and may be recovered, without prejudice to any other means of recovery, from the deposit paid under this or any other contract or agreement from any sum due to the Contractor under this or any other contract or agreement.

USE OF RAILWAY TRANSPORT.

The contractor shall use railway transport wherever practicable for the carriage of all materials to be delivered on the site whether for incorporation in the work or otherwise required for use in connection with this contract or agreement.

Where railway transport is practicable transport by other means shall not be effected without the prior written sanction of the Director of Public Works or his Representative.

Failure to comply with this clause shall give right to the Director of Public Works to deduct from any payments due to the Contractor under this or any other contract or agreement a sum not exceeding the railway charges which would have been paid by the contractor had he transported the material by rail.

The decision of the Director of Public Works as to the practicability in using rail transport shall in all cases be final and binding.

NOTARIAL NOTICES

Notwithstanding anything in the Ottoman Code of Civil Procedure it shall not be necessary for the Director to serve any notarial notice on the contractor with regard to failure to comply with any clause in the contract or agreement but it shall be sufficient for him to give a written notice of any claim to damages for delay or for revocation of the contract or agreement.

DISPUTE

Any matters in dispute between the parties to this contract or agreement arising out of the contract or agreement shall be submitted to the arbitration of the Director of Public Works sitting alone as Arbitrator and the decision of the Director of Public Works in his capacity as sole Arbitrator shall be final and binding on both parties to this contract or agreement.

INSURANCE OF WORKMEN

The Contractor shall insure against claims by his employees which may be enforceable against the Government of Palestine under the Workmen's Compensation Ordinance 1927, in an amount and office approved by the Director of Public Works and shall on demand produce to the Director of Public Works the receipt of the last premium payable under such insurance and on default by the Contractor the Director of Public Works may take out such insurance as aforesaid and charge the cost thereof to the Contractor and recover the amount of such charge from the deposit paid under this or any other contract or agreement from any sums due to the Contractor under this or any other contract or agreement.

In respect of claims under this clause the Director of Public Works may agree with the Contractor upon the amount of compensation to be paid but the contractor may require the amount that ought to be paid to be settled by arbitration under the Workmen's Compensation Ordinance, 1927.

Any amount paid by Public Works Department as compensation under this clause shall be satisfied by the Contractor and may be recovered, without prejudice to any other means of recovery, from the deposit paid under this or any other contract or agreement from any sum due to the Contractor under this or any other contract or agreement.

USE OF RAILWAY TRANSPORT

The contractor shall use railway transport wherever practicable for the carriage of all materials to be delivered on the site whether for incorporation in the work or otherwise required for use in connection with this contract or agreement.

Where railway transport is practicable transport by other means shall not be effected without the prior written sanction of the Director of Public Works or his representative.

Failure to comply with this clause shall give right to the Director of Public Works to deduct from any payments due to the Contractor under this or any other contract or agreement a sum not exceeding the railway charges which would have been paid by the contractor had he transported the material by rail.

The decision of the Director of Public Works as to the practicability in using rail transport shall in all cases be final and binding.

NOTARIAL NOTICES.

Notwithstanding anything in the Ottoman Code of Civil Procedure it shall not be necessary for the Director to serve any notarial notice on the contractor with regard to failure to comply with any clause in the contract or agreement but it shall be sufficient for him to give a written notice of any claim to damages for delay or for revocation of the contract or agreement.

DISPUTE.

Any matters in dispute between the parties to this contract or agreement arising out of the contract or agreement shall be submitted to the arbitration of the Director of Public Works sitting alone as Arbitrator and the decision of the Director of Public Works in his capacity as sole Arbitrator shall be final and binding on both parties to this contract or agreement.

9 - FEB 1940

IN REPLY PLEASE QUOTE

22/13

Haifa,
7th February, 1940.

Director of Public Works,
Jerusalem.

Deh of hashem asked to put
up his proposals for next year

have this that he
included in his ~~prop.~~ *prop.* 10.11.12/
not. pl being 9/2.

Subject : Tulkarem Nathanya Road.

~~have~~ this up when list
aid. ~~have~~ 9/2

This road was flooded during the last heavy rains at
kms. 102.100 and 106.350. At Km. 102.100 a culvert of 2 metres span
is required for a free flow of water of a wady which at present
discharges the water in a side drain. Cost of the culvert is
estimated at LP. 90.-

2. At Km. 106.350 the road surface is too low and the ~~ex~~
existing bridge of 5 spans of 1 metre each is entirely blocked
as the bridge openings are lower than wady bed. Raising of road
for approx. 200 metres length and provision of a new 5 metres
span bridge are now required. Cost of the works is estimated
at LP. 750.-

I propose to do this in April from the New Year fund

② ~~have~~

9/53.

183
30th November, 1939.

District Engineer,
Haifa District.

Subject : D.P.W.s Inspection Notes dated
20 to 2.11.1939.

Arising from the D. .W.s inspection report the following are brought to your attention, namely :-

- a) Hishon Bridge - It is agreed that you may widen the running surface of the bridge by 90 cms. by taking 25 cms. off each footway and cantilevering out 20 cms. provided that the funds at your disposal are sufficient for the purpose.
- b) Khirbet Beit Lid roundabout - The Director's comments are as follows:-

" At Khirbet Beit Lid the roundabout which has been provided by Dehaf has effected a considerable improvement though, in the opinion of the D.P.W., the relative importance of the Jaffa-Haifa road and the Tulkarm-Hithanya roads are such that the roundabout should have been an ellipse and not a circle. The circular plan for a roundabout is only justified where the traffic on the intersecting roads is approximately the same. Where one road is a main arterial road and the other of only secondary importance the form of plan should be elliptical - the ratio between the major and minor axes being proportional to the ratio between the intensity of traffic on both roads.

CARD INDEXED UNDER

An Agreement made this 12th day of October 1939.

between District Engineer P.W.D. Haifa Distr. for and on behalf of the Government of Palestine (hereinafter called the P.W.D.), and Mr. Dahoud Abu Shreife of Tulkara (hereinafter called the Contractor) for the

transport & supply of 90 M3 broken stones, 140 M3 foulieh and 50 M3 adassieh to Tulkara-Netanya Rd. K.106-107 whereby it is agreed as follows:—

1. In consideration of the sum of £P. 111.200 (One hundred & eleven Palestine Pounds & 200 mils only) and in accordance with tender dated 19th day of September 39 the Contractor undertakes to carry out the work to the entire satisfaction of the P.W.D. in accordance with the Drawings and/or Specification, Abstract of Quantities, or other documents or approved samples deposited and on which the tender was based and as set out in the schedule hereto and which forms part of this agreement.

2. Variations by omissions or additions shall not vitiate the agreement, and the value thereof shall be calculated at prices specified therein or otherwise by mutual agreement. All variation orders involving items of work and/or time shall be in writing. **The amount of the work may be deviated from to an extent which shall not vary the amount of the estimate by more than 30% of addition or deduction.**

3. The Contractor undertakes to commence the carrying out of the above said work on the 13th day of October 1939 and to complete the above said work not later than the 22nd day of October 1939.

4. The Contractor undertakes to pay by way of liquidated damages the sum of £P. 2.- (Two Palestine Pounds) for each day of delay in completion of the work beyond the time prescribed in the previous clause.

5. In the event of default or delay **or non complying to any item of the enclosed specifications** by the Contractor the P.W.D. have the right to take over the work in whole or in part as may be specified by the P.W.D. in writing and complete same by any means they consider suitable, and the total cost of due completion **plus 15% de-partment charges** shall be deducted from any sums due to or which may become due to the Contractor under this or any other agreement or shall otherwise be recovered from him, or from his deposit of £P.12.000 (Twelve Palestine Pounds).

6. Payments shall be made on measurements agreed and signed by both parties or by the certificate of P.W.D. in sums to be determined by P.W.D. ~~10% of all payments or~~ **Deposit** ~~XXXXXX~~ shall be retained until final certificate of due completion is issued when the balance of any deposit or retention money shall be returned or bank guarantee discharged.

7. The Contractor shall insure himself against any claims that may be made by his Employees under the Workmen's Compensation Ordinance, and produce receipts for payment of premiums for inspection by P.W.D. The Contractor shall duly extend any insurance to cover any extension of time which may be granted under this agreement.

8. No subject of other countries, other than those who have complied with the Immigration Regulations in all cases where they are applicable, shall be employed on the work, unless the Contractor has been duly authorised by the P.W.D.

9. In the event of a dispute arising between the actual signatories of this Agreement, the decision of the Director of Public Works shall be final.

10. **Schedule.**
